Ana

I still do not see the appended NMP Producers Group comments in the docket. I submitted the comments to the docket on the deadline date, but never received an e-mail confirmation. I contacted both you and Doug Parsons the next day – and you agreed to check on the status.

Assuming something went wrong with my submission, what is my recourse? Can you post the comments on the docket for me? Please advise as quickly as possible. This is obviously a critical issue for my group.

Kathleen,

I checked and the comment is in the system. The comments are under processing and even I can't see all of them yet. Not sure when exactly you'll be able to see all the public comments. Given how fast comments have been processing lately may be Monday or Tuesday next week, although it will depend on how many comments we received,

Kathleen,
I did a quick check this morning. There are several documents waiting processing, but I don't see your comments. Let me check with the docket staff to figure out how to add your comments to the docket (if I'm correct and the comments are not there),

Ana, Doug

I submitted the appended documents to the NMP docket yesterday morning, but did not receive a confirmation e-mail. I took a quick look at the docket this morning and did not see them listed – but I know it takes a few days for documents to be uploaded to the docket.

Can you confirm that the submission went through?
